Information on the Red Hat Society provided by : <http://www.redhatsociety.com/index.aspx>

The Red Hat Society has become the international society dedicated to reshaping the way women are viewed in today’s culture. RHS supports and encourages women to pursue fun, friendship, freedom, fulfillment of lifelong dreams and fitness. It serves as the center point for all communications and opportunities for its members offering tools, tips, discounts, services and events specifically with Red Hatters in mind. The Red Hat Society has spent over a decade developing a strong online communication tool for Members assisting them in gaining new and exciting ways to enjoy life, sharing their unique and motivating stories and helping Members find local hatters and activities they can participate in.

Women over age 50 are known as “Red Hatters,” while those under 50 are lovingly referred to as “Pink Hatters.”

The Red Hat Society began as a result of a few women deciding to greet middle age with verve, humor and elan more than three years ago. Members believe silliness is the comedy relief of life, and since we are all in it together, we might as well join red-gloved hands and go for the gusto together. Underneath the frivolity, we share a bond of affection, forged by common life experiences and a genuine enthusiasm for wherever life takes us next.

Fun – we celebrate life at every age  
Friendship – we solidify and expand the bonds of sisterhood  
Freedom – we discover and explore new interests  
Fulfillment – we realize our personal potential  
Fitness – we embrace healthy, life-lengthening lifestyles
